| Dartford, Gravesham & Swanley | None                                                                                                                                                                                                                                                         |
| Dover, Deal & Shepway         | What improvements can be made to general physical health wards to support patients who also have mental health needs/complex needs, particularly with discharge arrangements?                                                                                |
| Maidstone /Weald              | None                                                                                                                                                                                                                                                         |
| South West Kent               | Clients are not happy with the intrusiveness of the protected characteristic questions asked under the Equality Act 2010 and would like to know where this information is stored and who uses it? Were any service users asked for input on these questions? |
| Swale                         | Why is there no standard information pack for service users sent out of area including a separate one for carers?                                                                                                                                            |
| Thanet                        | KMPT mental health staff shortages. What is being done to encourage recruitment and are training roles being made available?                                                                                                                                 |
| Medway                        | Request that KMPT/CCGs meet cost of out of area travel for carers to places such as Weston Super Mare.                                                                                                                                                       |
